

College Advising Corps (CAC)

The NC State College Advising Corps is a nonprofit college access organization whose mission is to increase opportunities by making education beyond high school more accessible for students across rural North Carolina.

The College Advising Corps at NC State launched in 2014-2015 as the result of a generous gift from the John M. Belk Endowment. The program currently serves 24 high schools across 14 NC counties (Bladen, Chowan, Duplin, Franklin, Granville, Martin, Moore, Northampton, Pasquotank, Pender, Perquimans, Pitt, Washington, Wayne).

AmeriCorps College Advisers support students through college exploration, admissions, and financial aid processes. Advising Corps Members meet with students, collaborate with high school teachers and staff, and plan events throughout the year to create and promote a college-going culture within the community. The success of our program lies in the values underpinning the program, our partnerships, and the program model.
