

# Analytics

---

The Master of Science in Analytics (MSA) is uniquely designed to equip students for the task of deriving and effectively communicating actionable insights from a vast quantity and variety of data. It is an intensive 10-month degree with a strong practical orientation focused on the tools and methods used by data scientists. It is a fully integrated course of study taught exclusively to MSA students and designed to produce well-rounded professionals. Student teams tackle genuine problems with data provided by industry and government sponsors.

## Master's Degree Requirements

Students complete 30 credit hours of defined coursework in a period of ten months beginning in Summer Session II and ending the following Spring semester. The integrated curriculum is designed to provide a focused education in the software tools, methods and applications of data analytics.

## Other Relevant Information

Students must begin the degree program in the first semester (Summer Session II) and complete all 30 credit hours of the curriculum. The program is designed for full-time students only. Applications for admission are reviewed between September and April.

## 2025-2026 Program Schedule

### Summer II 2025: AA 500 and AA 501

- Start date: June 23, 2025
- Census date: June 25, 2025
- End date: July 25, 2025
- Communication Training (required): July 28 - August 8, 2025

### Fall 2025: AA 502 and AA 504

- Start date: August 14, 2025
- Census date: August 29, 2025
- End date: November 25, 2025
- Practicum project work, midpoint presentations, career and professional development activities (required): December 1-12, 2025

### Spring 2026: AA 503 and AA 505

- Start date: January 12, 2026
- Census date: January 26, 2026
- End date: April 30, 2026
- Spring Commencement: May 9, 2026

## More Information

Visit the Institute for Advanced (https://analytics.ncsu.edu/)Analytics website (http://analytics.ncsu.edu/) for details.

## Admission Requirements

Admission to the MSA program is highly competitive. The best-qualified applicants will be accepted up to the limited number of seats available for students each year. The admissions committee evaluates candidates on criteria such as:

- overall academic record and grade point average;
- academic performance in analytical/quantitative subjects;
- relevant employment experience and potential to succeed in the profession; and
- leadership potential, integrity, and other personal character traits.

The Institute welcomes applications from highly motivated individuals of exceptional talent regardless of undergraduate major. Applicants without prior coursework in statistics and/or experience with computer programming would need to complete a set of prerequisite courses before qualifying as a candidate for admission.

## Applicant Information

- **Delivery Method:** On Campus
- **Entrance Exam:** None
- **Interview Required:** Yes

## Application Deadlines

- Summer II: Please visit the MSA program website (https://analytics.ncsu.edu/?page\_id=78) for application timelines for US citizens/permanent residents and international applicants.

## Degrees
