

# Sport Management (BS): Professional Golf Management Concentration

## \*This Concentration is currently not accepting students\*

Through extensive classroom studies and internship experience, our program prepares students to take on the business side of the golf industry, including marketing, budgeting, merchandising, instruction, golf cart fleet management, and tournament operations. Students also develop valuable skills around the social impacts of the sport to help them deliver excellent customer service in the areas of teaching, customer relations and technology.

We provide small classes that work specifically with the PGA Work Experience Kit and offer in-class testing and preparation for the PGA tests. Students must have a handicap of 12 or below to be admitted to the program.

Students complete 16 months of required internships at golf facilities around the country and world under the direction of Class A PGA professionals. We work with more than 600 facilities, including Interlachen Country Club in Minnesota, Pebble Beach Resorts in California, Pacific Pine Sports Group in China, NBC's Golf Channel and Stitch Golf. Through innovative service-learning partnerships with Inspiration Golf, First Tee of the Triangle, and SwingPals, Inc., PGA Golf Management students practice their teaching skills regularly with at-risk and middle school youth and students with limited abilities. Our graduates receive PGA membership upon job placement.

## Scholarships

We host an Annual Scholarship Golf Tournament to raise money for incoming freshmen and current student scholarships in PGA Golf Management. We also encourage our students to apply through PACKAssist to be eligible for all college and departmental scholarships as well.
