Geology (Minor)

The Department of Marine, Earth and Atmospheric Sciences offers a minor in Geology to majors in any field except geology. This program provides a means of recognition for students in any field who have a curiosity about the materials, structures and processes of the solid earth.

Admissions

Admission into this minor program requires that the student be in good academic standing at the university. Application for admission to any University minor program is now available via MyPack Portal. Admission will be based upon the student's academic record, and in most cases no longer requires departmental review. Go to Add a Minor (https:// studentservices.ncsu.edu/your-degree/coda-home/add-a-minor/) to apply.

Requirements for Completion of the Minor

Students must complete one gateway course, MEA 110 Geology I Laboratory, MEA 202 Geology II: Historical, MEA 211 Geology II Laboratory, and 7 additional credit hours from the list of minor elective courses. All course work must be letter-graded and completed with a C or better.

SIS Code: 17GM

Plan Requirements

• A grade of 'C' or better in at all course work used toward minor.

Gateway Course 3-4 Select one of the following: 3-4 MEA 100 Earth System Science: Exploring the Connections MEA 140 Natural Hazards and Global Change MEA 101 Geology I: Physical MEA 150 Environmental Issues in Water Resources MEA 200 Introduction to Oceanography Required Courses MEA 110 MEA 110 Geology I Laboratory			
MEA 100Earth System Science: Exploring the ConnectionsMEA 140Natural Hazards and Global ChangeMEA 101Geology I: PhysicalMEA 150Environmental Issues in Water ResourcesMEA 200Introduction to OceanographyRequired Courses			
MEA 140Natural Hazards and Global ChangeMEA 101Geology I: PhysicalMEA 150Environmental Issues in Water ResourcesMEA 200Introduction to OceanographyRequired Courses			
MEA 101 Geology I: Physical MEA 150 Environmental Issues in Water Resources MEA 200 Introduction to Oceanography Required Courses			
MEA 150 Environmental Issues in Water Resources MEA 200 Introduction to Oceanography Required Courses			
MEA 200 Introduction to Oceanography Required Courses			
Required Courses			
•			
MEA 110 Coology LL obsratary 1			
MEA 110 Geology I Laboratory 1			
MEA 202 Geology II: Historical 3			
MEA 211 Geology II Laboratory 1			
Elective Courses			
Select 6-7 credits 6-7			
MEA 300 Environmental Geology			
MEA 369 Life on Earth: Principles of Paleontology			
MEA 409 Watershed Forensics			
MEA 410 Introduction to Mineralogy			
MEA 411 Marine Sediment Transport			
MEA 440 Igneous and Metamorphic Petrology			
MEA 450 Introductory Sedimentology and Stratigraphy			

Total Hours	14-16	
MEA 493	Special Topics in MEAS ¹	
MEA 485	Introduction to Hydrogeology	
MEA 481	Geomorphology: Earth's Dynamic Surface	
MEA 471	Exploration and Engineering Geophysics	
MEA 470	Introduction to Geophysics	
MEA 466	Preparatory Course for Field Camp	
MEA 465	Geologic Field Camp	
MEA 451	Structural Geology	

Enrollment in special topics courses should be approved by the minor coordinator in advance to ensure they are appropriate and relevant to the minor.
